

This Is Eternal Life

Tommy Walker

This is eternal life that we can know
The God who carved out worlds unknown
That through His son He bids us come
Come and know His love

This is eternal life that we can seek
The God who meets our deepest need
Our hearts are restless 'til we find
Our rest in this great King

Chorus [So we cry]
Earnestly, desperately
We will follow hard to know You, Lord

This is eternal life that we can know
The God who shed His blood for us
With grateful hearts we stand in awe
And long to make Him known

Bridge
There is a fire burning in our hearts
To truly know You as You are
So we will be the ones, the ones who never stop
Pursuing You and Your great love

Vamp

We want to know, we want to know
We want to know You Lord and
We want to seek, we want to seek

We want to find, we want to find
We want to find You Lord in
All of Your beauty and glory Lord

All of Your beauty and glory Lord
